

New Ocean
Shipmanagement Pte Ltd

HSE & QUALITY POLICY

The Company is committed in providing quality and efficient management of the ships without compromising on important issues such as Health of seafarers, **Safety** onboard and the protection of Environment.

The management philosophies of the company are as follows and are aimed at ensuring consistency in our commitment.

- **HEALTH**
Maintain a good general health standard onboard
- **SAFETY FIRST**
Maintain and practice safety measures onboard at all times to achieve Zero Incident, Loss of life, Damage and Loss of property.
- **ENVIRONMENTAL EXCELLENCE**
Participate actively in the preservation of marine environment through Zero Pollution
- **QUALITY**
Encourage all personnel to exercise their respective responsibility for quality and continually to improve our services.

The company requests all personnel to practice constant vigilance in all areas to ensure strict adherence to this policy. At the same time, sea-staff onboard our vessels are encouraged to contact the DPA whenever concern arise.

Capt. Ryuichi Takebayashi
